- Supplied with 2 windshields, 2 self-adhesive pads
- Supplied in a robust plastic case

SOUNDCHECK 12/2017

“An effective plug-and-play solution. Due to the externally attached design, there is no need to modify valuable instruments. However, you will still be able to deliver a dazzling stage performance. [...] during the performance, your miking arrangement will not be in the way and almost invisible due to the volume control and voltage control being attached to your belt.”
+ small space requirements
+ high-quality sound
